

Training Session on Course File

Date: 3rd July 2025

Resource Person: Dr. Jaimin Jani (Ph.D., Computer Science)

Ahmedabad Business School in collaboration with Ahmedabad Institute of Computer Applications organized a training session for faculty on effective course file preparation aligned with GTU standards. Led by Dr. Jaimin Jani, an expert with over 16 years of academic experience, the session covered 21 key topics, demonstrating practical strategies to enhance academic planning, teaching effectiveness, and institutional readiness.

The interactive workshop featuring a detailed presentation and live demonstration was highly appreciated by participants. Faculty members gained deeper insights into using course files as tools for quality assurance, performance analysis and accreditation preparedness. The session concluded with suggestions for future workshops on Outcome-Based Education, Bloom's Taxonomy, student-centric teaching methods and integrating ICT tools.

Overall, the training reinforced ABS's commitment to continuous improvement and excellence in teaching and academic documentation.
